

SignUpGenius.com Family Requirement

The RE program is a volunteer-based ministry. It can only exist with parents and other adult parishioners giving their time and energy to be catechists, substitutes, Enrichment team members, office and nursery volunteers, etc.

If you are unsure about time or skills necessary, please talk to the Director because there is always a way to use any gift God has given us. We hope you experience joy in your service!

Below is a brief explanation of various types of opportunities and the Safe Environment requirements. Each family is required to fill ONE need. More information available at signupgenius site. Go to signupgenius.com, click on "Find a Sign Up," and search using my email, ltriplett@stcatherine.org. Click on your child's session for the upcoming year to sign up for a position.

Safe Environment

Safe Environment is an essential part of keeping our kids safe at St. Catherine's. The adult volunteer portion of the Safe Environment program requires adults who volunteer at the church at any point to complete a background check, volunteer application, and "Safe and Sacred" online training. Training is valid for 3 years and future trainings can be completed online and are also valid for 3 years.

Forms are available on the church website to turn into Lauren Triplett. Contact Rosemary Manganilla at the office to get more information.
